WELCOME

Welcome to the 2025 Bisbee's Tournaments!

On behalf of my family, HDI Marine, Pelagic Gear, the Baja Cantina, Buenavista Beach Resort, the Medano Hotel & Suites, and the great sponsors and government agencies of Los Cabos and Baja California Sur, I want to thank you very much for being part of our 2025 Bisbee's Tournaments.

We are very excited to continue having **HDI Marine** as our presenting sponsor for this year. HDI Marine specializes in **custom stainless steel boat exhaust components at a fraction of the cost of OEM**. We are honored to have them on board, and we encourage all our participants to check out their products to help keep your boat running smoothly while saving you money. Their support means a lot to us all, and we're totally stoked to have them as a key part of our world!

August was an exciting start to our tournament season with the Bisbee's East Cape Offshore Tournament hitting an impressive \$1.5+ million in prizes. The release division that is now a "Release Daily Jackpot" format that was introduced last year and has become a larger part of our awards which allows us to give more money away than ever before for released billfish. Thank you to everyone who joined us at the Buena Vista Beach Resort.

As in previous years, our October event functions will continue to take place at the familiar marina-side locations at the Puerto Paraiso Entertainment Plaza. This year's registration for both tournaments will now be inside the former Ruth's Chris Restaurant next to the weigh station. The awards banquet for the Los Cabos Offshore will still be at the Maria Corona Restaurant, and the Black & Blue Tournament's awards banquet will take place in front of **"The Place at Cabo"**, (previously known to all of us as the gray ghost). This location is along-side the marina on the malacon in front of H, I and J Docks. It will be a beautiful setting for celebrating the tournament's end in true Cabo fashion!

Just a reminder that Mexico did not change its clocks for daylight savings this year, so we'll continue to start fishing an hour earlier than in the past at 7:00 a.m. instead of 8:00 a.m. on all tournament days. Lines out will still be at 5:00 p.m., giving you a full extra hour of fishing each day. This means there's more time for you to catch the big one!

Our Bisbee's Fish & Wildlife Conservation Fund's **Silent Auction and raffle kicks off on October 13th!** Be sure to grab raffle tickets from Jordyn and her team, as proceeds will benefit The Green Scholarship Program, the Bisbee's RFID Fish Tagging Program, and the Nkwe Tactical Training Academy's anti-poaching efforts in South Africa.

As always, make sure to stop by the weigh station and spend time with our sponsors. We've got plenty of fun activities planned, and we love hanging out with all of you. The camaraderie at our events is one of the things that makes the tournament experience truly special!

Thank you again for joining us this year, and best of luck!

WELCOME

Dear Bisbee's Black and Blue 2025 participants,

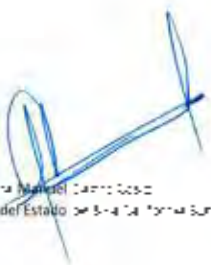

Welcome to Baja California Sur!

I am pleased to welcome you to the Bisbee's Black and Blue, the best sportfishing tournament in the world.

There is no better place to experience the excitement and enjoy of sportfishing than here in Baja California Sur, and Los Cabos has a long tradition and the best marine species to make of your trip an unforgettable adventure. We have incredible hotels, beautiful beaches, high-quality gastronomy and, above all, the kindness, attention and warmth of our people.

The State Government offers the best conditions so your visit can be a complete success, and you come back every year to share with us the joy of experiencing the excitement of sportfishing and competing.

I wish you the best of luck!

Gobernador del Estado de Baja California Sur

It is with pleasure that we welcome all those who, year after year, take part in the prestigious Bisbee's tournaments and who are part of the extended Los Cabos family. In 2025, we embrace you with sincere gratitude and affection for being active participants in one of the most important tourism activities of our destination: sportfishing.

It's a reality that every action must be encouraged with the awareness of protecting our natural resources. Sportfishing is no exception, and we know that each of you upholds the commitment to ensure this remains a sustainable activity, one that will continue to give us, for many years to come, the opportunity to enjoy the tournaments organized by the family of founder Robert J. Bisbee.

This year, we are proud to host the 45th edition of the Bisbee's Black & Blue, the tournament that last year awarded an extraordinary purse of 10 million dollars, and which in 2025 is expected to welcome more than 200 boats. We also celebrate the 26th edition of the Bisbee's Offshore and the second edition of the Bisbee's Kids Tournament. These milestones are the proof of the growth of the great Bisbee family, and here in Los Cabos, we are proud to be the hosts.

We warmly welcome you. Enjoy your time and, above all, admire the stunning beauty of the waters of Los Cabos.

With the Bisbee's Tournaments, Los Cabos continues to shine brightly on the world stage!

SINCERELY,

Christian Agúndez Gómez

BISBEE'S FISH & WILDLIFE CONSERVATION FUND CONTINUES TO SUPPORT GREEN SCHOLARSHIP STUDENTS AND FUTURE ENVIRONMENTAL LEADERS

The Bisbee's Fish & Wildlife Conservation Fund (BF&WCF) is proud to continue its partnership with the Green Scholarship Organization, advancing its mission to protect marine and coastal environments while empowering the next generation of environmental leaders. Through this collaboration, deserving students are provided with the resources to pursue higher education in marine biology, environmental science, and related fields, ensuring a brighter, more sustainable future for our planet.

Since the inception of this program, thanks to BF&WCF generous donors, 10 students have successfully graduated from the Marine and Coastal Sciences Program, which includes both Marine Biology and Environmental Science graduates. These alumni are already contributing to vital conservation efforts across Mexico and beyond, showcasing the ripple effect that educational investment can have on global sustainability.

This year, BF&WCF is proud to sponsor two outstanding young women: Ángela Elizabeth Sánchez Espinoza, who is pursuing a degree in Marine Biology, and Penélope Cota Bautista, who is studying Environmental Science. Both represent the passion and dedication that define the spirit of the scholarship program, and their academic pursuits are helping pave the way for a stronger environmental movement in Baja California Sur and beyond.

The success stories don't end there. In June 2024, Ana Paula Pérez Castro, a Green Scholarship graduate, earned her degree and has already made her mark by participating in the Mexican Senate. Her involvement in national-level conversations about policy and conservation is a powerful testament to the impact these scholarships can have—not only on individual lives but also on society as a whole.

Looking ahead, BF&WCF remains committed to supporting both current and future

students through this vital partnership. With each graduate, the network of conservation-minded leaders grows, creating a legacy that will safeguard marine and coastal ecosystems for generations.

By investing in education today, BF&WCF and the Green Scholarship Organization are helping shape tomorrow's solutions. Together, they continue to demonstrate that conservation and education are inseparable—and that by supporting passionate students, we can build a future where sustainability leads the way.

INES IN FOR HISTORY: BISBEE'S MAKES ITS COSTA RICA DEBUT AT MARINA PEZ VELA

Marina Pez Vela: Where World-Class Sportfishing Meets the Spirit of Costa Rica

In April 2026, the international sportfishing spotlight will shine on Quepos, Costa Rica, as the legendary Bisbee's Tournament Series makes its debut at Marina Pez Vela. For decades, Bisbee's has set the gold standard in competitive fishing, and its arrival on Costa Rica's Pacific coast marks a milestone moment—not only for the sport, but for the country. And there could be no better stage than Marina Pez Vela, a destination that blends unmatched infrastructure with the warmth, service, and community spirit that make Costa Rica one of the most beloved destinations in the world.

A World-Class Marina at the Water's Edge

At the core of Marina Pez Vela is its fully completed basin of over 250 state-of-the-art slips, designed to accommodate everything from sportfishing boats to luxury yachts. These slips are complemented by a yacht yard unlike any other in Central America, featuring the region's only 200-ton travel lift and a comprehensive service center capable of handling everything from routine maintenance to major repairs.

Efficiency and reliability are the hallmarks here: high-speed fuel docks provide 100% polished fuel, ensuring that captains and crews can set off with confidence. It's this commitment to quality—down to the smallest detail—that has made Marina Pez Vela a trusted base for some of the finest vessels in the Pacific.

The Uplands at MPV

Marina Pez Vela's appeal and magic is also inextricably related to what happens beyond the docks. The marina includes a vibrant and expanding uplands development, offering a complete ecosystem of services, dining, and experiences. Six diverse restaurants offer everything from fine dining to casual fare, while a bank, pharmacy, and medical center provide essential conveniences for residents, guests, and crews alike.

Travel logistics are effortless thanks to on-site car rentals, a shipping center, and concierge services, while commercial outlets and souvenir shops connect visitors to the creativity and craftsmanship of Costa Rica. Whether you're launching an offshore adventure, savoring a sunset dinner, or simply strolling the promenade, Marina Pez Vela offers a seamless balance of convenience and enjoyment.

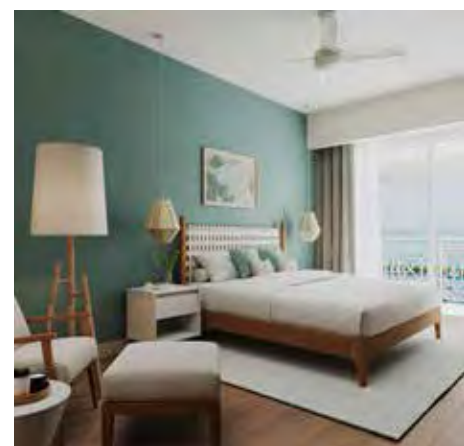

Las Villas at Marina Pez Vela: A New Chapter

Looking to the future, 2026 will also mark the grand opening of *Las Villas at Marina Pez Vela*, a landmark residential development that introduces 40 luxury two- and three-bedroom condominiums. These new residences will offer both rental opportunities and private ownership, blending contemporary design with the vibrancy of marina life.

For traveling anglers, families, and investors, Las Villas represents a chance to not just visit but to *belong*—to be part of a community that is at once global in its reach and deeply rooted in Costa Rica's natural and cultural richness.

The Heart of Marina Pez Vela: Its People and Community

As impressive as the physical infrastructure is, the true magic of Marina Pez Vela lies in something less tangible but far more powerful: its people. From the dockhands and concierge staff to the restaurateurs and tour operators, there is a shared DNA that defines the marina. It is one built on service, on pride in Costa Rica's traditions, and on the idea that Marina Pez Vela should be a place where both locals and international guests feel at home.

This sense of integration is woven into daily life. The marina has become a gathering place where the Quepos and Manuel Antonio communities connect with travelers from around the world. Festivals, fishing tournaments, cultural events, and family activities create a lively calendar that celebrates the best of Costa Rica—its music, its food, its warmth, and its unmatched natural beauty.

Marina Pez Vela is not just a marina. It is a stage for human connection, where world-class service is delivered with a genuine smile, and where the spirit of Costa Rica infuses every interaction. That is what keeps boaters, anglers, and travelers returning year after year—not just the slips or the lifts, but the people of Quepos and MPV who make them feel like part of something bigger.

A Perfect Match for Bisbee's

With the arrival of Bisbee's in April 2026, Marina Pez Vela will take its place on the global sportfishing stage in a way that feels both natural and inevitable. The event will bring together world-class anglers and crews in a destination that is as much about culture and community as it is about competition.

Marina Pez Vela stands as a symbol of what makes Costa Rica so special: world-class adventure wrapped in warm hospitality, innovation balanced with tradition, and a community where everyone is welcome. As the Bisbee's tournament drops lines into this part of the Pacific for the first time, it will not only showcase incredible fishing—it will shine a spotlight on a marina, a town, and a country that truly embody the very best of the sportfishing lifestyle.

MAKING HISTORY TOGETHER: CABO'S FIRST FIRE BOAT

Thanks to the generous support of anglers, sponsors, and community partners, Cabo San Lucas now has its first-ever fire boat.

Built in La Paz by the Maritime Naval Bureau under the guidance of the Cabo Volunteer Fire Department, **Aina** (named after tournament founder Bob Bisbee's wife) is a 30-foot vessel designed to navigate the marina's narrow channels and respond swiftly when every second counts. Fully equipped to serve and protect, she represents a powerful milestone — proof of what we can accomplish when we come together for the good of Cabo.

GENERAL TOURNAMENT INFORMATION

STRUCTURE OF TOURNAMENTS

EARLY BIRD DRAWING

Each tournament has an Early Bird Drawing. The winner of the drawing gets a free base entry to the following year's tournament. To be eligible your paid entry (base entry only) must be received by the Early Bird Deadline. The earlier you enter the more chances you have to win, as for each month prior to the deadline that you enter, you will receive an additional chip in the drawing. For example, if you enter 6 months prior you will receive 6 chips in the drawing. The free entry is good for the following year only and is non-transferable.

ENTRY & PAYMENT DEADLINES

EASTCAPE OFFSHORE

Early Bird Drawing Deadline - June 1st.

Last day to withdraw and receive full refund – June 1st.

Check Payments to U.S. - Last Friday prior to registration day.

Last Day to Enter - Registration Day by cashier's check, credit card or cash.

LOS CABOS OFFSHORE

Early Bird Drawing Deadline - August 1st.

Last day to withdraw and receive full refund – August 1st.

Check Payments to U.S. - Last Friday prior to registration day.

Last Day to Enter - Registration Day by cashier's check, credit card or cash.

BLACK & BLUE

Early Bird Drawing Deadline - August 1st.

Last day to withdraw and receive full refund – August 1st.

Check Payments to U.S. - Two Fridays prior to registration day.

Last Day to Enter - Registration Day by cashier's check, credit card or cash.

ENTRY PROCEDURE OUTLINE

1. Teams may register and enter the tournaments on-line at www.Bisbees.com. Entry forms in PDF format may be downloaded from there as well so teams can enter by mailing or by emailing a completed entry application to the address and/or email address on the form.
2. To be entered, the Base Entry Fee amount must accompany the entry form.
3. To be eligible for the Early Bird Drawing the base entry

must be received by the deadline date.

4. When making additional payment(s) – your boat/team name and/or entry number must accompany any form of payment. You can enter additional Jackpots at any time up to the close of registration.
5. We will email the Team Contact confirmation receipts and/or team number for all entries and payments received.

METHODS OF PAYMENT

We strongly advise you pay entry fees before you arrive in Mexico. Fees may be paid in U.S. Dollars by personal, business or cashier's checks, credit cards or wire transfers. If your bank is outside of the U.S. please wire funds instead of sending a check.

Cashier's checks drawn on a US bank, cash and/or credit cards are the only form of payment accepted in Mexico unless previous arrangements have been made. Make checks payable to Black & Blue Tournaments. Email tricia@bisbees.com for wire transfer details.

WITHDRAWAL FROM THE TOURNAMENT

All withdrawals must be submitted in writing. If the withdrawal is received prior to the tournament's Early Bird Deadline a full refund is made. Between the Early Bird Deadline and the cut-off date for check payments, the portion of base entry fee allocated for cash awards is refunded, while 100% of paid optional entry fees are refunded. Once tournament fishing starts there are no refunds for any reason whatsoever.

TEAM CONTACT

Please carefully read the following and choose your Team Contact accordingly.

The Team Contact is the designated team leader; there can be only one Team Contact per team. The Team Contact must know how to reach each member of the team, and the contact information for the Team Contact must be complete and include a cell or local MX phone number and email address. Instructions and confirmations are sent to this person. In addition, the Team Contact is the person to whom any refunds are made payable.

ANGLERS, CAPTAINS AND DECKHANDS

There is no limit to the number of members per team, but you must sign up all team members during Registration.

GENERAL TOURNAMENT INFORMATION

Anybody listed on the entry form is considered an angler including the Captain and any Deckhands. You must provide a First Name, Last Name, City and State for all team members. Team changes must be made in writing and turned in at the Weigh Station or Tournament Headquarters. Team changes are not accepted over the tournament radio unless a special exception is made by the Tournament Organizers. Team members may not change teams during the tournament.

PRIZE DISBURSEMENT

Trophies: Trophies are handed out on stage during the Awards Celebrations. If you would like to purchase additional trophies email info@bisbees.com.

Prize Disbursement Order: Before winnings are paid, each team receiving an award must complete a Prize Disbursement Order specifying how the funds are to be distributed. This form must be signed by each of the team's registered anglers as recorded on the Entry Form. Decisions pertaining to the distribution of a team's total purse are the sole responsibility of the team members, regardless of whether an award is published as an individual or team award.

Payment of Awards

All cash awards are paid from a U.S. or Mexican bank account in US Dollars by either a check or a wire transfer to the team's designated recipient. The tournament will pay for the first wire transfer fee, but if for some pre-approved reason, a second a wire transfer for a team is requested, the tournament will deduct the additional wire transfer fee(s) from the winnings.

Mexican Taxes

We are required by Mexican law to withhold city, state and federal taxes from tournament winnings. The amount can change from year to year, but is currently 15%.

PERMITS & LICENSES

It is the responsibility of registered boat captains and anglers to comply with all Mexican Federal and State laws regarding fishing licenses, size limits, bag limits and any other regulations that may apply. This is a requirement of Mexico and is not a tournament rule—permit and licensing infractions have no bearing on tournament results or awards. A representative from the Mexico Department of Fisheries is normally on-site during Registration at all events to sell Licenses and Permits, but this is not guaranteed. Consult the FONMAR website for more information (www.sportfishingbcs.gob.mx).

BASE ENTRY FEE "OVERALL" TOURNAMENT AWARDS STRUCTURE

By paying the mandatory Base Entry Fees, teams receive angler merchandise and access to the Awards Celebration for four team members. Additional merchandise and access passes may be purchased at the event.

EAST CAPE & LOS CABOS OFFSHORE

"Overall Tournament Awards" are derived from the \$1,500. Base Entry Fee. Of the seventy percent allocated to awards, sixty percent (60%) goes to Billfish Awards, twenty percent (20%) goes to the events largest Tuna and twenty percent (20%) goes to the events largest Dorado.

GENERAL TOURNAMENT INFORMATION

EAST CAPE & LOS CABOS OFFSHORE **(continued)**

Top Overall Tournament Teams — Billfish

Cash prizes are awarded to the top three teams based on the single heaviest qualifying black or blue marlin as follows: Three winners 65.0%/22.5%/12.5%; Two winners 71.25%/28.75%; One winner takes all. If there are no qualifying marlin weighed, the prize money rolls equally to the Gamefish category and is awarded to the top tuna and/or dorado teams.

Top Overall Tournament Teams — Gamefish (Tuna & Dorado)

Cash prizes in these categories are awarded to the top teams based on the single heaviest qualifying tuna and dorado. If there is no winner in one of the Gamefish categories, the prize money rolls to the other Gamefish species category. If there are no qualifying tuna or dorado weighed, the prize money in these categories rolls to the Billfish category and is awarded to the top billfish teams per the published billfish awards percentage breakdowns.

BISBEE'S BLACK & BLUE

The Tournament Base Entry Fee is \$5,000 per team. Of the fifty percent allocated to awards, ninety percent (90%) goes to the "Overall Top Teams" and ten percent (10%) goes to the "Overall Top Captains".

Overall Top Teams and Captains' Awards are presented for the five largest qualifying black and/or blue marlin weighed during the tournament.

Overall prizes are awarded on the following percentage structure:

OVERALL TOURNAMENT TEAMS

DISTRIBUTION BASED ON NUMBER OF WINNERS

	5	4	3	2	1
1st	50.00%	51.50%	55.00%	65.00%	100.00%
2nd	20.00%	21.50%	25.00%	35.00%	
3rd	15.00%	16.50%	20.00%		
4th	9.00%	10.50%			
5th	6.00%				

HOW DO THE DAILY JACKPOTS WORK?

The Daily Jackpots are optional and return eighty five percent to awards. If you decide to enter a particular Daily Jackpot level, you must enter it for all fishing days of the tournament. For example, in the Black & Blue with three days of fishing the \$500 Daily Jackpot would cost \$1,500. The jackpot fees are per team. You can enter none, one, all or any combination of these jackpots.

BILLFISH DAILY JACKPOTS

The prize money allocated to each Daily Jackpot level is first split evenly between the days of competition, and then each day, one hundred percent of that day's amount is awarded to the team that catches the heaviest qualifying black or blue marlin of the day who is also entered in the Daily Jackpot level. If there is no winner on a particular day, the prize money for that day rolls to the following day, unless it is the last day of the tournament in which case it rolls backwards to the largest fish caught in the category. **EXAMPLE:** Team A is entered in the \$500 Daily Jackpot only. Team B is entered in the Daily Jackpots across the board. Team A catches the heaviest fish of the day; Team B catches the second heaviest fish of the day. Team A would win all of the cash for that day in the \$500 Daily Jackpot only. Team B would win all of the cash for that day in the \$1,000, \$2,000, etc. Daily Jackpots.

GAMEFISH DAILY JACKPOTS - (TUNA & DORADO)

The amount allocated to the Gamefish Daily Jackpot is first split evenly between the two species, then split evenly between the days of competition. Of the amount allocated to cash awards for any particular day, one hundred percent is awarded to the teams that catch the heaviest qualifying tuna and dorado that are also entered in the Daily Gamefish Jackpot. If there is no winner on a particular day the prize money for that day rolls to the following day, unless it is the last day of the tournament in which case it rolls backwards to the largest fish caught in the category. If there are no qualifying fish caught of a particular species throughout the entire tournament, the money for that species rolls to the other species on a day by day basis. **EXAMPLE:** If a qualifying dorado is caught every day, but no qualifying tuna are caught at all, the day one tuna jackpot money rolls to the day one dorado, the day two tuna jackpot money rolls to the day two dorado.

Optional RELEASE CATEGORY (all Tournaments) – Billfish

Cash prizes are awarded to the team that accumulate the most billfish release points each day. If there is no winner on a particular day, the prize money for that day rolls to the following day, unless it is the last day of the tournament in which case it rolls backwards to the team with highest amount of daily points.

GENERAL TOURNAMENT RULES

Except where noted, the following information and rules apply to all three events.

1. Rules, including published rules in print or on the Bisbee's website (www.bisbees.com), are subject to change without notice. Additional instructions are given at the Captains'/Anglers' Meeting for each event, where attendance by at least one team member is mandatory. It is the sole responsibility of the participating anglers, captains, crews and guests ("Participants") to know and abide by the Tournament Rules. By entering one of the Bisbee's Tournaments and paying the entry fee, Participants agree to abide by the Tournament Rules and accept the decisions made by the Tournament Organizers as final.

2. Nature of Tournament

The Bisbee's Tournaments are fishing competitions. Participants enter at their own risk, and understand the possibility exists that there may be no winners if no qualifying fish are caught.

3. Tournament Start

The official start of each fishing day is a "Shotgun Start" where boats line up and wait for the firing of the start flare. Boats must be behind the start line 15 minutes prior to the Shotgun Start. Any boat not clearly behind the start line at this time is disqualified from the day's fishing. Boats disqualified for this violation a second time are disqualified from the entire event, and the team forfeits any and all entry money, prizes or prize money. The start line is defined at the Captains'/Anglers' Meeting and/or over the tournament's VHF radio channel on each fishing morning.

4. Bait Fishing Prior to Tournament

Start

Teams may attempt to catch or purchase bait until 15 minutes prior to the official start time. At this time, all fishing lines and teasers must be removed from the water and nothing may be transferred between boats.

5. Hand-Offs Between Vessels

From 15 minutes prior to the start of fishing to the end of the tournament's fishing hours, no vessel entered in the tournament may be involved in the handing off or receiving of anything from another vessel whether that vessel is entered in the tournament or not, or any other entity of any sort including bait receivers. The Tournament Organizers may choose to grant special permission in advance to waive this rule if someone's personal safety or health is at risk.

6. Fishing Times

East Cape Offshore: 6:30am–4:00pm
Los Cabos Offshore and Black & Blue: 7:00am–5:00pm

7. A fish hooked prior to end of fishing may be fought until boated, released or lost provided the team arrives at the weigh station prior to its closing for the day if they have a fish to weigh or release to report.

8. Weigh Station Hours

East Cape Offshore: 12:00pm–7:00pm
Los Cabos Offshore and Black & Blue: 2:00pm–9:00pm

9. Extended or Shortened Fishing Hours

The Tournament Organizers reserve the privilege of changing the starting and ending of fishing times to coincide with weather, tides, and improved probability of better fishing conditions.

Fishing hours will not be changed during the tournament unless all teams are included, and no qualifying fish have been caught and/or released.

10. Weather and "Complete Tournament"

Should any government officials beyond the control of the Tournament Organizers cancel any scheduled tournament fishing day(s) because, in their judgment, unsafe conditions exist at sea, resumption of fishing will be announced by 6:00am the following morning on the tournament's VHF radio channel and be posted on the tournament's web-site. A resumption of fishing announcement by the Tournament Organizers does not ensure the safety of any participant. Whether or not to fish must be based solely on the team's own judgment taking into consideration the prevailing conditions, the seaworthiness of their vessel, and the crew's seamanship skills. All attempts will be made to fish as many days as possible, but as little as one day of fishing or any part thereof constitutes a complete tournament.

11. Cancelled Fishing Days

Should any fishing day(s) be cancelled, the other scheduled fishing days that are fished per the original schedule will constitute a tournament. No additional fishing days will be added to a tournament due to the cancellation of any fishing day(s).

12. Cancellation of Entire Tournament

If for reasons beyond the control of the Tournament Organizers, a tournament must be canceled prior to any portion of the scheduled fishing days, the portion of Entry Fees and Optional Jackpot monies that were allocated for cash awards will be refunded by check within four weeks to the Team Contact—one

TOURNAMENT RULES

check per team. Teams may choose to roll their refund amount to any of the following year's events.

13. No Qualifying Fish Caught — Refunds

In the event no qualifying fish are caught during the tournament 100% of the entry fees that were allocated for cash awards are refunded by check within four weeks to the Team Contact—one check per team. Teams may choose to roll their refund amount to any of the following year's events.

14. Boundaries and Grid Maps

Teams must fish within the boundaries laid out by the Tournament's Grid Charts.

East Cape Offshore: 50 mile radius from host resort. Black & Blue and Los Cabos Offshore: 50 mile radius from Cabo San Lucas.

15. Communications and Tournament Standings

The VHF radio channels, backup channels and telephone numbers used to contact Radio Control and Tournament Officials are provided during the Captains'/Anglers' Meeting and on the tournament's VHF radio channel prior to the start of fishing. Tournament standings are broadcast every morning over the radio, and fish weights are announced as fish are weighed.

16. Reporting Catch to Radio Control and Official Time

When a fish is hooked, captains must report to Radio Control the Boat Name, Angler Name, Grid Area and Species. The boat captain must again report to Radio Control when the fish is lost, released or boated. In addition, fish still being fought at lines out must be

reported to Radio Control as soon as possible. Times are recorded to the whole minute. The time recorded by Radio Control is the official time. Due to radio traffic congestion during the last minutes of a fishing day, in any instance where Radio Control did not have a hook up recorded prior to lines out, and the team is reporting a fish as being so, the Tournament Organizers will determine the fish's qualification on a per instance basis.

17. Any team intentionally reporting wrongful information to Radio Control for the purpose of altering tournament standings or results is disqualified from the event, and forfeits any and all entry money, prizes or prize money.

Eligible Species & Points (see chart on opposite page)

18. Penalty Points and Disqualification:

Black or blue marlin weighing less than 300 lbs. are not eligible for cash awards. All weighed marlin weighing less than 300 lbs. are awarded zero points and also penalized 25 points plus two points for every pound under 300.

EXAMPLE: A 290 lb. blue marlin would be awarded 0 points and be penalized 25 points plus 20 points (2pts. x 10lbs.), making the total points for the fish negative forty five (-45) points.

All of a teams negative points from all of their non-qualifying fish will be combined and deducted from the team's largest qualifying black or blue marlin.

This pertains to the tournament overall prize categories only and not daily jackpots.

East Cape and Los Cabos Offshore Tournaments:

Tuna weighing less than 40 lbs. and Dorado weighing less than 30 lbs. are simply disqualified.

19. Official Billfish Release

A billfish is considered officially released when the leader connection is wound to the tip of the rod, or when a person touches the leader.

20. Billfish Scorecards

Scorecards for all fishing days will be given to teams entered in the Release Category at registration. Scorecards are compared to radio logs for verification. Scorecards must be signed by the Boat Captain indicating they agree to the information as recorded. All billfish released or boated must be recorded on the Billfish Scorecard (you do not need to record gamefish on the scorecard). **Scorecards must be turned in at the Weigh Station or a photo of it emailed to Release@Bisbees.com or uploaded on the CatchStat mobile app on the same day the fish were caught prior to the day's Weigh Station Closing Time.** If you did not catch a billfish you do not have to turn in a scorecard.

21. Any team intentionally recording wrongful information on the scorecards for the purpose of altering tournament standings or results is disqualified from the event, and forfeits any and all entry money, prizes or prize money.

22. Billfish Release Video/Photo Verification

Teams must verify their catch by taking digital video/photos of billfish as they are released. Collectively, the VIDEOS/ PHOTOS MUST SHOW TWO THINGS, the mate's hand on the leader and/ or the leader connection touching

Videos/Photos must be turned in at the Weigh Station or emailed to Release@Bisbees.com on the same day the fish were caught **prior to the day's Weigh Station Closing Time.**

NEW: Electronic submission is available via the CatchStat mobile app (iOS/Android) or via the web at <https://bisbees.catchstat.com>. To use it, a team member's email must be on the team roster and correctly linked in CatchStat so that the "My Teams" page is visible after sign-in.

•If you cannot access My Teams, you can contact Tournament Control to have your email linked

No additional videos/photos will be accepted after the weigh station closes.

For each fish caught, videos/photos must include the "daily release card".

Any release photos posted on the website are for entertainment purposes only, and not all release photos are posted.

23. Weigh-In Procedures

Upon the weigh station opening each fishing day, fish will be weighed in the order of boat arrival to the weigh station unloading dock. Should more than one boat be at the weigh station prior to opening, the fish will be weighed in the order of arrival. All fish must be weighed at the tournament's official weigh station. Weigh station officials will continue to weigh fish for all boats that arrive prior to the following deadlines:

- East Cape Offshore: Must be in front of the weigh station by 7:00pm on both days.
- Los Cabos Offshore: Must be inside of the harbor jetties by 9:00pm on both days*.
- Black & Blue: Must be inside of the harbor jetties by 9:00pm all three days*.

* As verified by a Tournament Observer at the jetties.

24. ANY marlin brought onboard a boat

must be weighed. A fish is considered "onboard" when more than 50% of the fish is inside the boat.

25. Weighed fish become the property of the tournament.

26. Fish must be brought to the scales on the boat on which they were caught.

27. Fish to be weighed must be presented to the weigh station on the same day they are caught.

28. The angler must remain with the fish throughout the weigh-in.

29. Before leaving the scales, the angler must verify weight information, sign the Weigh-In Form and provide a telephone number where they can be reached.

30. The rod, reel, line, leader, lure and hook(s) must accompany each fish to be weighed and presented to the Weighmaster.

31. Any fish brought to the weigh station may have its mouth sealed closed. However, once the Weighmaster has

TOURNAMENT RULES

raised the fish on the scale the angler will be asked to remove whatever is sealing the mouth closed and clip any external leader material to the outer edge of the fish's mouth. Except for artificial lures, nothing will be pulled from inside the fish. Whatever may fall from the fish due to gravity remains out when determining the fish's weight.

32. A team intentionally mutilating a fish for the purpose of altering tournament standings or results is disqualified from the event and forfeits any and all entry money, prizes or prize money.

33. Breaking Ties

Ties between two or more fish that weigh the same are broken by the time the fish were weighed. Point ties in the Release Categories are broken by the official time that the final releases were made to obtain the final amount of points. In other words, the first team to reach the amount of final points is the winner. Times are recorded to the whole minute.

34. Polygraph Examination

One person from each team that is receiving a cash award must complete a polygraph examination. This person must have been directly involved with either the release or the capture of the fish (angler, captain or wireman). The final selection of the person to receive the examination is made by Tournament Officials. Failure to comply, or failing the examination, results in a disqualification of the entire team and the team forfeits any and all entry money, prizes or prize money.

35. Release of All Claims

(This section should be carefully read by each Participant).

In consideration for being accepted

by the Tournament Organizers for participation in Bisbee's Black & Blue Marlin Tournament, Bisbee's East Cape Offshore Tournament or Bisbee's Los Cabos Offshore Tournament ("the Tournaments"), the Participants hereby release, forever discharge, and agree to hold harmless the Tournaments, Tournament Promotions, Inc., Torneos y Clinicas de Pesca Deportivas Offshore, S.A. de C.V and their respective officers, directors, employees, agents, volunteers, partners, members, and/or attorneys (collectively the "Releasees") for any and all losses, claims, or demands of any kind whatsoever arising from the negligence of the Releasees or from any other cause connected with, or occurring during the Tournament. The Participants expressly acknowledge that he/she has received, reviewed, and agrees to abide by the Tournament Rules and this Release. Furthermore, the Participants expressly acknowledge that activities relating to deep sea fishing are extremely dangerous and involve the risk of serious injury or death. Having so acknowledged, the Participants hereby assume full responsibility for the risk of bodily injury or death due to the negligence or gross negligence of the Releasees or any other cause connected with or occurring during the Tournament.

36. Disputes/Protests

All disputes, protests, claims, differences or controversies relating to any aspect of the Tournament, including, without limitation, Tournament Rules, must be submitted in writing to the Tournament Organizers no later than twelve (12) hours following the official closing of the Tournament Weigh Station on the day the supposed infraction occurred. All such disputes shall be ruled on by the Tournament Organizers and shall be final and binding upon all parties.

37. Participation

The Participants specifically agree that any photograph, motion picture, or audio recording in which they appear or are heard in may be used by Tournament Promotions, Inc. for any purpose whatsoever including, but not limited to, resale, advertising, and promotional material without compensation or restriction of any kind.

ANGLING RULES

The Bisbee's tournaments are "Team" tournaments

1. The tournament does not regulate who may be involved in the management of, or the manipulation of, the equipment and/or tackle leading up to, during, or following the playing of a fish. This means that more than one angler may fight a single fish.

2. Once a fish is hooked, the rod/reel involved in playing the fish must stay in physical contact with the angler(s). It may not be set into any type of rod holder that assists the angler(s).

3. When a fish is hooked or entangled on more than one line, the team must cut away the extra line(s) as quickly as possible.

4. From the time that a fish strikes, anyone onboard may remove other lines, teasers and devices from the water.

5. Once the leader is brought within grasp of the crew, or the end of the leader is wound to the rod tip, more than one person is permitted to touch the leader—this DOES NOT apply to the double line.

6. One or more gaffers may be used in

ANGLING RULES

addition to persons holding the leader. The gaff handle must be in hand when the fish is gaffed.

THE FOLLOWING ACTS WILL DISQUALIFY A CATCH

1. Failure to comply with the Tournament's general, equipment or angling rules and regulations.
2. Resting the rod in a rod holder, on the gunwale of the boat, or any other object while playing the fish.
3. Handlining or using a handline or rope attached in any manner to the angler's line or leader for the purpose of holding or lifting fish.
4. Shooting, harpooning, or lancing any fish at any stage of the catch.
5. Chumming with or using as bait

the flesh, blood, skin, or any part of mammals other than hair or pork rind used in lures designed for trolling or casting.

6. Using a boat or device to beach or drive a fish into shallow water in order to deprive the fish of its normal ability to swim.
7. Changing the rod or reel while the fish is being played.
8. Splicing, removing, or adding to the line while the fish is being played.
9. Using a size or kind of bait that is illegal to possess.
10. Attaching the angler's line or leader to part of a boat or other object for the purpose of holding or lifting fish.
11. If a fish escapes before gaffing and

is recaptured by any method other than as outlined in the angling rules.

12. When a rod breaks (while the fish is being played) in a manner that reduces the length of the tip below minimum dimensions.
13. Mutilation to the fish, prior to boating the catch, caused by sharks, other fish, mammals, or propellers that remove or penetrate the flesh. Injuries caused by leader or line, scratches, old healed scars or regeneration deformities are not considered disqualifying injuries.

EQUIPMENT RULES

Two pages of diagrams follow to help clarify these rules. Anglers are responsible for their own bait. Any lures, teasers or bait may be used as approved by these rules and the Illustrated Diagrams that follow.

1. FISHING LINE & BACKING

a) The term "Backing" pertains to any line on the reel that precedes the "Fishing Line" whether connected to the fishing line or not. The use of backing is permissible and does not have a maximum strength limit.

The term "Fishing Line" pertains to the first 16.5 feet (5 meters) of line directly preceding the double line, leader, or hook. This section of fishing line must be comprised of a single, homogenous

piece of line, and have a "Manufacturer's Stated" maximum breaking strength of 130 lbs. or less. The catch shall be classified under the breaking strength of the Fishing Line and must be a minimum length of the stated 16.5 feet (5 meters).

Dacron, monofilament, multifilament, and lead core multifilament lines may be used on either. Line by the trade name of Spectra is acceptable. Wire lines are prohibited.

2. Double Line

The use of a double line is not required. If one is used, it must meet the following specifications:

- a) A double line must consist of the actual Fishing Line used to catch the fish.
- b) Double lines are measured from

the start of the knot, braid, roll or splice making the double line to the farthest end of the knot, splice, snap, swivel or other device used for securing the trace, leader, lure or hook to the double line.

c) The double line on all classes of tackle shall be limited to 30 feet. The maximum combined length of the double line and leader is 40 feet.

3. Leader

The use of a leader is not required. If one is used, it must meet the following specifications:

- a) The length of the leader is the overall length including any lure, hook arrangement or other device and is measured to the bend of the last hook.
- b) The leader must be connected to the

EQUIPMENT RULES

line with a snap, knot, splice, swivel or other device.

c) There are no regulations regarding the material or strength of the leader.

d) The leader on all classes of tackle shall be limited to 30 feet. The combined length of the double line and leader shall be limited to 40 feet.

4. Rod

a) Rods must comply with sporting ethics and customs.

b) The rod tip must be a minimum of 40 inches in length. The rod butt cannot exceed 27 inches.

c) These measurements must be made from a point directly beneath the center of the reel. A curved butt is measured in a straight line.

5. Reel

a) Reels must comply with sporting ethics and customs.

b) Power driven reels of any kind are prohibited. This includes motor, hydraulic, or electrically driven reels, and any device which gives the angler an unfair advantage.

c) Ratchet handle reels are prohibited.

d) Reels designed to be cranked with both hands at the same time are prohibited.

6. Hooks — Natural Bait (Live or Dead)

a) Any hook used with natural baits, live or dead, must be a non-offset circle hook.

b) No more than two single hooks may be used. Both must be firmly imbedded in or securely attached to the bait. The eyes of the hooks must be no less than a hook's length (the length of the largest hook used) apart and no more than 18 inches apart. The only exception is that the point of one hook may be passed through the eye of the other hook.

c) A hook may not precede the bait, or bait/lure combo by more than one

hook's length.

d) The use of a dangling/swinging hook is prohibited. No double or treble hooks.

7. Hooks — Artificial Lures

a) When using an artificial lure with a skirt or trailing material, no more than two single hooks may be attached to the line, leader, or trace. The hooks need not be attached separately. The eyes of the hooks must be no less than an overall hook's length (the overall length of the largest hook used) apart and no more than 12 inches apart. The only exception is that the point of one hook may be passed through the eye of the other hook. The trailing hook may not extend more than a hook's length beyond the skirt of the lure.

b) A hook may not precede the lure or bait/lure combo by more than one hook's length.

c) The tournament recognizes products produced by Quick Rig Corporation under the trade name "Double Trouble Hooks" as acceptable tackle to be used in the tournament.

8. Drones

Drones are not permitted to be flown during fishing hours. Special exceptions may be granted for promotional purposes only.

9. Other Equipment

a) Fighting chairs may not have any mechanically propelled devices that aid the angler in fighting.

b) Gimbals must be free swinging. Gimbals that allow anglers to reduce strain or rest while fighting the fish are prohibited.

c) Harnesses may be attached to the reel or rod, but not to the fighting chair. The harness may be replaced or adjusted by a person other than the angler.

d) Rod belts or waist gimbals are

permitted.

e) Gaffs used to boat a fish must not exceed 8 feet in overall length. In using a flying or detachable gaff the rope may not exceed 30 feet. The gaff rope is measured from the point where it is secured to the detachable head to the other end. If a fixed head gaff is used, the same limitations shall apply and the gaff rope shall be measured from the same location on the gaff hook. Only a single hook is permitted on any gaff. Harpoon or lance attachments are prohibited. Tail ropes are limited to 30 feet.

f) Entangling devices, with or without a hook, are prohibited and may not be used for any purpose including baiting, hooking or fighting or landing the fish.

g) Nets may not be used to obtain a fish.

h) Outriggers, downriggers, spreader bars and kites are permitted to be used, provided that the actual fishing line is attached to a snap or other release device, either directly or with some other material. The leader or double line may not be connected to the release mechanism either directly or with the use of a connecting device. Spreader bars are also acceptable when used strictly as a teaser.

i) Daisy chains, birds, floats and similar devices may only be used if they do not unfairly hamper or inhibit the normal swimming or fighting ability of the fish, thereby giving the team an unfair advantage in fighting, releasing or boating the fish. Acceptability of this equipment will be determined by the Tournament Organizers on an individual, as needed basis.

j) A safety line may be attached to the rod provided it does not in any way assist the angler in fighting the fish.

DOUBLE LINES & LEADERS

Double lines are measured from the start of the knot, braid, roll or splice making the double line to the farthestmost end of the knot splice, snap, swivel or other devices used for securing the trace, leader lure or hook to the double line. A double line must consist of the actual line used to catch the fish. The double line shall be limited to 30ft for all.

The leader shall be limited to 30 feet (9.14 meters) for all line classes.

The length of the leader is the overall length including any lure, hook arrangements or other device.

The combine length of the double line and leader shall not exceed 40 feet (12.19 meters).

HOOKS & GAFFS

LEGAL if eyes of hooks no more than 18 inches (45.72 cm) apart in baits and no more than 12 inches (30.45 cm) apart in lures. ILLEGAL if eyes further apart than these distances.

LEGAL as eyes of hooks are no less than a hook's length apart and no more than 12 inches (30.45 cm) apart, and the trailing hook does not extend more than a hook's length beyond the skirt.

NOT LEGAL as the second or trailing hook extends more than the hook's length beyond skirt. See also two hook rigs.

LEGAL as hook is contained within the skirt and the trailing hook does not extend more than the hook's length beyond the skirt.

NOT LEGAL in bait or lures as eyes of hooks are less than a hook's length (the length of the largest hook) apart.

NOT LEGAL as the single hook extends more than its length beyond the skirt.

LEGAL as eyes of hooks are no less than a hook's length apart and no more than 18 inches (45.72 cm) in baits and 12 inches (30.45 cm) in lures.

NOT LEGAL as back hook is not firmly imbedded in or securely attached to bait and is a dangling or swinging hook.

LEGAL in baits and lures. The point of one hook is passed through the eye of the other hook.

LEGAL as both hooks are firmly imbedded or securely attached to bait. Would not be legal if eyes of hooks were more than 18 inches (45.72 cm) apart.

GAFFS

LEGAL on boats if effective rope length does not exceed 30 feet (9.15 meters).

LEGAL on boats if overall gaff length does not exceed 8 feet (2.44 meters).

BIENVENIDOS

Bienvenidos a los Torneos Bisbee's 2025!

En nombre de mi familia, HDI Marine, Pelagic Gear, la Baja Cantina, Buenavista Beach Resort, el Medano Hotel & Suites, y los grandes patrocinadores y dependencias de gobierno de Los Cabos y Baja California Sur, quiero agradecerles sinceramente por ser parte de los Torneos Bisbee's 2025.

Estamos muy emocionados de continuar contando con HDI Marine como nuestro patrocinador principal este año. HDI Marine se especializa en componentes personalizados de escape marino de acero inoxidable a una fracción del costo del OEM. Es un honor tenerlos a bordo, y animamos a todos nuestros participantes a conocer sus productos para mantener sus embarcaciones en óptimas condiciones mientras ahorran dinero. Su apoyo significa mucho para todos nosotros, y estamos realmente entusiasmados de tenerlos como una parte fundamental de nuestro mundo.

Agosto fue un inicio emocionante de nuestra temporada de torneos con el Bisbee's East Cape Offshore, alcanzando un impresionante premio acumulado de más de \$1.5 millones de dólares. La división de liberación ahora con formato de "Release Daily Jackpot", que se introdujo el año pasado, se ha convertido en una parte cada vez más importante de nuestra premiación, lo que nos permite otorgar más dinero que nunca por los peces liberados. ¡Gracias a todos los que nos acompañaron en el Buena Vista Beach Resort!

Como en años anteriores, las actividades de nuestros eventos en octubre se llevarán a cabo en las ya conocidas locaciones frente a la marina en la Plaza de Entretenimiento Puerto Paraíso. Este año, el registro para ambos torneos se realizará dentro del antiguo restaurante Ruth's Chris, junto a la báscula. La cena de premiación del Los Cabos Offshore seguirá siendo en el Restaurante María Corona, mientras que la cena de premiación del Torneo Black & Blue se llevará a cabo frente a "The Place at Cabo" (anteriormente conocido por todos como el "gray ghost"). Esta locación se encuentra a un costado de la marina, sobre el malecón frente a los muelles H, I y J. ¡Será un escenario espectacular para celebrar el final del torneo al más puro estilo de Cabo!

Un recordatorio: México no cambió sus relojes al horario de verano este año, por lo que seguiremos comenzando la pesca una hora más temprano que en el pasado, a las 7:00 a.m. en lugar de las 8:00 a.m. en todos los días de torneo. Las líneas afuera seguirán siendo a las 5:00 p.m., dándoles una hora extra de pesca cada día. ¡Esto significa más tiempo para atrapar al grande!

¡Nuestro Silent Auction y rifa del Fondo de Conservación de Vida Silvestre y Pesca de Bisbee's comienza el 13 de octubre! No olviden comprar boletos con Jordyn y su equipo, ya que los fondos recaudados beneficiarán al Green Scholarship Program, al programa de marcaje de peces RFID de Bisbee's y a los esfuerzos contra la caza furtiva de la Nkwe Tactical Training Academy en Sudáfrica.

Como siempre, asegúrense de pasar por la báscula y convivir con nuestros patrocinadores. Tenemos muchas actividades divertidas planeadas, ¡y nos encanta compartir con todos ustedes! La camaradería en nuestros eventos es una de las cosas que hace que la experiencia de los torneos sea realmente especial.

¡Muchas gracias nuevamente por acompañarnos este año, y mucha suerte!

BIENVENIDOS

Estimados participantes de Bisbee's Black and Blue 2025,
¡Bienvenidos a Baja California Sur!

Me complace darles la bienvenida al Bisbee's Black and Blue, el mejor torneo de pesca deportiva del mundo.

No hay mejor lugar para experimentar la emoción y disfrutar de la pesca deportiva que aquí en Baja California Sur, y Los Cabos tiene una larga tradición y las mejores especies marinas para hacer de su viaje una aventura inolvidable. Contamos con hoteles increíbles, hermosas playas, gastronomía de alta calidad y, sobre todo, la amabilidad, atención y calidez de nuestra gente.

El Gobierno del Estado ofrece las mejores condiciones para que su visita sea todo un éxito, y usted regrese cada año para compartir con nosotros la alegría de experimentar la emoción de la pesca deportiva y la competencia.

¡Les deseo la mejor de las suertes!

Manuel Campesino
Gobernador del Estado de Baja California Sur

Con el honor y gusto de recibir a quienes participan cada año en los diversos torneos Bisbee's y que son parte de la gran familia de Los Cabos, este 2025 les abrazamos con gratitud y verdadero afecto por ser parte activa de una de las actividades turísticas más importantes de nuestro destino: la pesca deportiva.

En la actualidad, cada acción o evento, va de la mano con la conciencia de protección a los recursos naturales; la pesca deportiva no es la excepción y sabemos que de cada uno de ustedes emana ese compromiso de hacer de esta, una actividad sostenible, que nos brinde por muchos años la oportunidad de continuar disfrutando de los torneos organizados por la familia del fundador Robert J. Bisbee.

Para este 2025 podremos disfrutar de la 45ª edición del Bisbee's Black&Blue, el torneo grande que el año pasado tuvo una bolsa acumulada de 10 millones de dólares, y en esta ocasión se espera la participación de 200 embarcaciones; así como la 26ª edición del Bisbee's OffShore y la segunda edición del Bisbee's Infantil. Esto solo nos indica que la gran familia Bisbee seguirá creciendo y en Los Cabos nos sentimos orgullosos de ser sus anfitriones.

Sean bienvenidos, disfruten y sobre todo, juntos admiremos de la gran belleza de los mares de Los Cabos.

¡Estamos felices, porque con los torneos Bisbee's Los Cabos siempre está en los ojos del mundo!

ATENTAMENTE
Christian Agúndez Gómez

En caso de no haber ganador en atún o dorado, el premio se otorga a la otra especie de pesca menor, y en el extremo de no haber atún o dorado ganador, el premio se divide entre los ganadores de marlin, de acuerdo con los porcentajes publicados.

TORNEO BISBEE'S BLACK & BLUE MARLIN

La entrada base al torneo es de \$ 5,000 dolares por equipo. Del cincuenta por ciento destinado a premios 90% es para los "cinco mejores equipos" y 10% se destina a los "mejores capitanes"

Los premios y trofeos a los cinco mejores equipos y capitanes son para los cinco ejemplares de marlin azul o negro más pesados del torneo.

Los premios son otorgados de acuerdo con la siguiente estructura de porcentajes.

MEJORES EQUIPOS DEL TORNEO

DISTRUBUCION BASADA EN NUMERO DE GANADORES

	5	4	3	2	1
1st	50.00%	51.50%	55.00%	65.00%	100.00%
2nd	20.00%	21.50%	25.00%	35.00%	
3rd	15.00%	16.50%	20.00%		
4th	9.00%	10.50%			
5th	6.00%				

¿COMO FUNCIONAN LAS POLLAS DIARIAS?

Las pollas diarias son opcionales y se

paga el ochenta y cinco por ciento como premios, si usted decide participar en alguna de ellas deberá hacerlo por los días de pesca del torneo, ejemplo; en el Bisbee's Black & Blue participar en la polla de \$ 500 diarios representan \$ 1,500 por los tres días de pesca. las pollas diarias son por equipo y puede participar en una, dos o en ninguna.

POLLAS DIARIAS DE MARLIN

El dinero acumulado a premios de pollas diarias se divide primero entre los días de pesca del evento y entonces, cada día se entrega como premio el cien por ciento de esa polla en que se haya participado, al equipo con el marlin azul o negro de mayor peso.

Caso de no haber ganador en alguna polla, se acumula para el siguiente día, a menos que sea el último día de pesca, en cuyo caso se acumula al marlin más pesado del día anterior solo en la categoría que participó. Ejemplo: Equipo A le entro a la polla de \$ 500 diarios y presenta el marlin más pesado del día, Equipo B le entro a TODO y presenta el segundo más pesado del día, Equipo A gana solo lo acumulado en la polla de \$500 y el equipo B gana las demás pollas en que participó.

POLLAS DE PESCA MENOR (ATUN Y DORADO)

El dinero de las pollas de pesca menor se divide entre las dos especies, después entre los dos días de pesca, el cien por ciento de cada día se entregará al equipo que presente el atún o dorado más pesado del día, de acuerdo a las categorías (pollas) en que hayan participado. Si no se captura atún o dorado en algún día de pesca, ese dinero se acumula para el siguiente día, en caso de no haber atún o dorado en el torneo ese premio se otorga a la otra especie, en base diaria, en caso de ser el último día de pesca y no hay captura, las pollas se acumulan al ganador en cada

categoría del día anterior.

EJEMPLO: Se captura dorado cada día de pesca, pero no se captura atún, la polla del atún día uno se va al dorado ganador y la polla del día dos al dorado ganador etc.

OPCIONAL; CATEGORIA LIBERACION (Todos los torneos) – PICUDOS

Se otorgan premios en efectivo al equipo que acumule la mayor cantidad de puntos por liberación de peces picudos cada día. Si no hay un ganador en un día en particular, el premio en efectivo de ese día se acumula para el día siguiente, a menos que sea el último día del torneo, en cuyo caso se transfiere al equipo con la mayor cantidad de puntos diarios.

REGLAS DEL TORNEO

Excepto donde se especifica, estas reglas aplican para los tres torneos.

1. Reglas, Incluidas las publicadas, impresas y/o en el sitio www.bisbees.com están sujetas a cambio sin previo aviso. En la junta de capitanes, durante el registro a cada torneo, se darán las últimas actualizaciones, es obligatorio que al menos un integrante de cada equipo asista. Al registrarse y cubrir su cuota de inscripción, para cualquiera de los torneos Bisbee, los participantes aceptan regirse por estas reglas y acuerdan que las decisiones del comité organizador serán definitivas.

2. Naturaleza de los torneos

Los Torneos Bisbee son competencias de pesca deportiva, los participantes lo hacen bajo su propio riesgo, y entienden que existe la posibilidad de que no haya ganadores, al no haber capturas.

3. Inicio de los Torneos

El inicio de cada día de pesca es un "Disparo de Salida" por medio de una bengala, se alinean los botes participantes, que deberán estar tras la línea de salida con 15 minutos de antelación, de acuerdo con la hora estipulada para cada torneo. Cualquier embarcación que no esté alineada faltando 15 minutos, será descalificada por el día de pesca, una segunda infracción descalificará al equipo del torneo y perderá el derecho a cualquier reembolso y/o premio. La línea imaginaria de salida se define en las juntas de capitanes y se confirma vía VHF, al pase de lista.

4. Pescando carnada antes de iniciar el torneo

Los equipos podrán comprar o pescar carnada hasta 15 minutos antes de la salida. En ese momento, las líneas

saldrán del agua y nada podrá pasarse entre barcos.

5. Pasando objetos entre embarcaciones
A partir de 15 minutos antes del inicio y hasta el final del día de pesca, ningún barco podrá involucrarse en pasar o recibir objeto alguno de otro barco, inscrito o no al torneo, esto incluye a las pangas carnaderas, El comité organizador, podrá otorgar algún permiso especial debido a emergencia o riesgo de salud.

6. Tiempos de pesca

East Cape Offshore: de 6:30 am A 4:00 pm
Los Cabos Offshore Y Black & Blue: de 7:00 am A 5:00 pm

7. Un ejemplar anzueado antes de "líneas fuera" podrá ser peleado hasta capturarlo, perderlo o liberarlo, podrán liberarlo o presentarlo a báscula antes del cierre del día o reportar una liberación.

8. Horarios de pesaje East Cape Offshore: de 12:00 am A 7:00 pm
Los Cabos Offshore Y Black & Blue: de 2:00 pm A 9:00 pm

9. Extendiendo o acortando los tiempos de pesca El comité organizador se reserva el derecho de cambiar los horarios de inicio y final de pesca para que coincidan con mareas, clima y mejores probabilidades de captura. Las horas de pesca NO se cambiarán durante los torneos, a menos que todos los participantes queden incluidos y no haya habido ejemplares capturados o liberados.

10. Clima y "Torneo Completo"

En caso de que una oficina de gobierno, fuera del control del torneo, ordene la cancelación de algún día de pesca, porque a su juicio no existan las condiciones seguras para la pesca

deportiva, al día siguiente a las 6:00 am se podrá notificar por radio la reanudación del evento, de ser el caso y se anunciara en el sitio web del torneo. La seguridad de los participantes no deberá ser puesta en riesgo, de tal manera que el anuncio de reanudar deberá ser aceptado bajo el juicio y riesgo propio de los participantes, considerando el equipo con el que cuentan. Se harán Todos los esfuerzos para pescar el número anunciado de días, pero si se pesca un solo día o parte de ese día, eso constituirá el torneo y se procederá de acuerdo con las reglas.

11. Cancelación de algún día de pesca
En caso de cancelar algún día de pesca, los otros días del programa original, constituirán el torneo, no se agregarán días adicionales de pesca en caso de cancelar alguno de esos días.

12. Cancelación completa de un torneo
Si por causas de fuerza mayor (fuera del control del Comité Organizador) el torneo debe cancelarse sin haber pescado siquiera una porción, los porcentajes destinados a premios del torneo y pollas, serán devueltos, con cheque dentro de las siguientes cuatro semanas al contacto del equipo, un cheque por equipo. No hay devolución de la entrada base, los equipos podrán utilizar ese dinero para inscripciones al próximo año.

13. Al no haber capturas calificadas — Devoluciones

En caso de que no se capturen ejemplares que califiquen durante el torneo el 100% de los fondos destinados a premios, se devolverán: Un cheque por equipo, en cuatro semanas, al representante del equipo, una transferencia o cheque por equipo.

14. Límites de pesca y cartas marinas

REGLAS DEL TORNEO

Los participantes deberán pescar dentro de los límites establecidos de acuerdo con las cartas marinas provistas en las reglas.

East Cape Offshore: radio de 50 millas náuticas del hotel sede.

Black & Blue y Los Cabos Offshore: Pescaran en un radio de 50 millas náuticas, de la dársena.

15. Comunicación y tablero de posiciones

El canal VHF, canal de respaldo y números celulares utilizados, por radio control y los otros integrantes del comité organizador serán dados a conocer en la junta de capitanes y al inicio de la pesca el primer día. los pesos se anuncian al momento.

16. Reportando a radio control y tiempos oficiales

Cuando se anzuelea un ejemplar; debe reportarse a radio control el nombre del equipo, nombre del pescador, área de captura y la especie.

El capitán del barco deberá reportar de nuevo al; perderlo, liberarlo o capturarlo y deberá reportarse al tiempo de "Líneas Fuera", si se tiene anzueleado algún ejemplar. Los tiempos son registrados al minuto completo, el tiempo registrado por Radio Control, es el tiempo oficial. Debido al tráfico en la radio al momento de líneas fuera, en el caso de que radio control no tuviera registrado un anzueleo y se reporte como tal al cierre de líneas fuera, se tendrá que discutir cada caso en forma individual.

17. Cualquier equipo intencionalmente reportando información equivocada con el objeto de alterar los resultados, será descalificado y perderá cualquier inscripción y/o premio.

Especies elegibles y puntos (Ver table en la página opuesta)

18. Puntos negativos y descalificación: Marlin azul o negro con peso inferior a 300 libras NO son elegibles para premios en efectivo, los ejemplares presentados a bascula pesando menos de 300 libras tendrán CERO puntos y serán penalizados con 25 puntos negativos además de DOS puntos por cada libra debajo de 300.

EJEMPLO: un marlin de 290 libras, tendrá 0 puntos y será penalizado con 25 puntos mas 20 (10X 2= 20) sumando un total de 45 puntos negativos (45)

TODOS los puntos negativos de todos los ejemplares penalizados se combinarán y deducirán del marlin azul o negro más pesado.

Esto corresponde al torneo y su clasificacion de 5 primeros lugares y no afecta los jackpots del dias.

Torneos East Cape and Los Cabos Offshore:

Atún pesando menos de 40 Lbs. Y Dorado pesando menos de 30Lbs. Simplemente son descalificados.

19. Liberación Oficial de Picudos

Un picudo se considera LIBERADO oficialmente cuando el destorcedor del leader toca la punta de la caña o cuando el marinero sujeta el leader.

20. Tarjetas de Liberación de Marlin

Las tarjetas de Liberación para todos los días de pesca se entregarán a los equipos inscritos en la Categoría de Liberación durante el registro. Estas tarjetas se cotejarán con los reportes de radio para su verificación. El Capitán de la embarcación debe firmar la tarjeta

confirmando que está de acuerdo con la información registrada.

Todos los marlines liberados o subidos a bordo deben anotarse en la Tarjeta de Puntuación de Marlin (no es necesario registrar los peces de caza en la tarjeta).

Las tarjetas deberán entregarse en la Báscula, o bien enviar una foto por correo electrónico a Release@Bisbees.com o subirla a la aplicación móvil CatchStat, **el mismo día en que se capturó el pez y antes de la hora de cierre de la Báscula.**

Si no se capturó ningún marlín, no será necesario entregar tarjeta de puntuación.

21. Cualquier equipo que intencionalmente reporte información errónea con el propósito de alterar los resultados del torneo, será descalificado del evento y perderá todo derecho a inscripciones y cualquier premio y/o trofeo.

22. Verificación de Liberación de Marlin con Videos/Fotos

Los equipos deberán verificar cada liberación tomando videos y/o fotos digitales del marlín en el momento en que se libera. En conjunto, los VIDEOS/ FOTOS DEBEN MOSTRAR DOS COSAS:

La mano del marinero en el líder y/o la unión del líder tocando la punta de la caña.

La identificación de la especie de marlín.

Si no se puede determinar si es un marlín negro o azul, no se otorgarán puntos.

Si no puedes acceder a "My Teams", deberás contactar al Control del Torneo para que vinculen tu correo.

No se aceptarán videos/fotos adicionales después del cierre de la

Báscula.

Por cada pez liberado, los videos/fotos deben incluir la tarjeta de liberación del día.

Cualquier foto de liberación publicada en la página web será únicamente con fines de entretenimiento, y no todas las liberaciones se publican.

23. Procedimiento de pesaje

Al abrir la báscula cada día de pesca, los ejemplares se pesarán en orden de llegada al muelle de la estación de pesaje. Caso de haber varios equipos haciendo fila, antes de abrir, se pesarán de acuerdo con el orden de llegada. Todos los ejemplares deberán ser pesados en la báscula oficial del torneo, los jueces de pesaje continuarán pesando para todos los botes que lleguen al cierre con estas limitantes:

East Cape Offshore: Deberán estar en fila antes de las 7:00 pm ambos días.

Los Cabos Offshore: Deberán cruzar las balizas a las 9:00pm ambos días*.

Black & Blue: deberán cruzar las balizas a las 9:00 pm los tres días*.

* Verificado con foto por un oficial del torneo, presente en las balizas.

24. Cualquier marlin subido a bordo deberá ser traído a la báscula, un pescado se considera "a bordo" cuando mas del 50% de su cuerpo está dentro del barco.

25. Los ejemplares pesados, son propiedad del comité organizador.

26. Las capturas deberán llevarse a pesaje en el barco en que se pescaron.

27. Las capturas deben presentarse a pesaje el mismo día en que fueron pescadas.

28. El pescador deberá permanecer con su captura, durante el proceso de pesaje.

29. Antes de abandonar la báscula, cada pescador deberá verificar, la información de pesaje, proporcionar un numero local de teléfono para su localización.

REGLAS DEL TORNEO

30. La caña, carrete, línea, curricán, leader y anzuelos utilizados deberán acompañar la captura a la bascula y ser presentados al juez de pesaje.

31. Los ejemplares presentados a la báscula, podrán traer la boca encintada, pero una vez que el juez de pesaje lo levanta, le pedirá al pescador que retire la cinta y cortar cualquier línea que asome de la boca del pescado. Excepto los curricanes, nada será jalado del interior de la boca del pescado, cualquier cosa que caiga por gravedad de la boca del pescado, se quedará fuera y no contará para el peso.

32. Un equipo, mutilando intencionalmente un ejemplar con el propósito de alterar los resultados del torneo, será descalificado del evento y perderá cualquier inscripción, premio y/o trofeo.

33. Los empates en peso de uno o más ejemplares, se definen por el tiempo de pesaje. Los empates en liberación se definen por la hora de liberación anotada en radio control, en otras palabras, el equipo que acumula primero sus puntos; es el ganador, los tiempos se anotan en minutos completos

34. Examen poligráfico

Una persona de cada equipo acreedor a premio en efectivo deberá tomar un examen poligráfico, esta persona deberá haber estado directamente involucrado con la captura o liberación del ejemplar (pescador, capitán o marinero), la decisión final sobre quien tomará el examen es del comité organizador.

No presentarse al examen o fallarlo, resulta en la descalificación del equipo

completo y perderá todo derecho a premio alguno y/o trofeos.

35. Responsiva

Esta sección debe ser leída cuidadosamente por cada participante.

Considerando que han sido aceptados por los organizadores del torneo Bisbee's Black & Blue, East Cape offshore y Los Cabos Offshore (Los Torneos) los participantes otorgan la más amplia responsiva y liberan de cualquier responsabilidad al torneo, Torneos y Clinicas de Pesca Deportivas Offshore, S.A. de C.V y Tournament Promotions, así como a sus directivos, empleados, agentes, voluntarios, asociados, patrocinadores, hoteles sede y/o los abogados (colectivamente denominados LOS LIBERADOS) por todas y cualquier perdida derivada de negligencia de Los Liberados o por cualquier otra causa conectada

u ocurriendo durante el torneo. Los participantes expresamente reconocen que han recibido, revisado y aceptado regirse por las reglas del torneo y esta responsiva.

Además, los participantes reconocen expresamente que las actividades relacionadas con la pesca deportivo-recreativa son extremadamente peligrosas y que involucran el riesgo de heridas graves y muerte, los participantes, por lo tanto, asumen la responsabilidad total del riesgo de daño corporal o muerte debido a negligencia de parte de Los Liberados o cualquier otra causa conectada con o sucediendo, durante el torneo.

36. Controversia/Protestas

incluyendo, pero no limitado a las reglas, debe ser entregado por escrito, antes de 12 horas después del cierre de bascula del día en que haya ocurrido la infracción en cuestión, todas las disputas deberán ser resueltas por los organizadores del torneo y las decisiones serán acatadas por las partes.

37. Participación

Los participantes específicamente acceden y consienten en el uso que Tournament Promotions, Torneos de Pesca y los Torneos hagan de; fotos, audio y video en los que aparezcan o se les escuche, incluyendo, pero no limitado a: promoción, venta y comercialización, sin compensación o restricción alguna.

REGLAS DE PESCA

Los torneos Bisbee, son torneos "De Equipos"

1. El Torneo no regula cuantos pescadores estarán involucrados en la pelea y/o manejo de la caña encaminado a, durante y después de la pelea, de un ejemplar.

2. Una vez que es anzueleado un pez, la caña y carrete involucrados deben estar en posesión física del pescador, no podrá ser colocado en ningún tipo de portacañas, que ayuden al pescador.

3. Cuando el pez ha sido enganchado por varios anzuelos o esta enredado en las líneas, el equipo cortara las líneas extra tan pronto como sea posible.

REGLAS DEL TORNEO

4. Al momento que un pez "Pica" cualquier persona a bordo podrá retirar las otras líneas/curricanes del agua.

5. Una vez que el leader está al alcance del marinero O que el destorcedor toca la punta de la caña, más de una persona podrá tocar el leader, NO aplica a la doble línea.

6. Una o más personas podrán usar ganchos, además de quienes estén sujetando el Leader, el mango del gancho SIEMPRE debe estar en manos de una persona.

LOS SIGUIENTES ACTOS DESCALIFICARAN UNA CAPTURA

1. No cumplir con las reglas generales del torneo y las regulaciones de equipo.

2. Dejar la caña en algún portacañas U objeto fijo del barco mientras se pelea un ejemplar.

3. Usar una línea de mano, o atar una línea extra para jalar y/o subir el ejemplar a bordo.

4. Disparar, arponear O lancetear el pescado, en cualquier etapa de la pelea.

5. Cebiar, utilizando como carnada la carne, sangre o piel de mamíferos, únicamente es aceptado usar piel y pelos de cerdo en carnada artificial para castear o trolea.

6. Usar un bote u otro artefacto para llevar al pez a aguas poco profundas, para privarlo de su capacidad de nado.

7. Cambiar caña y carrete mientras un pez está siendo peleado

8. Agregar o remover línea a la caña, mientras se pelea un pez.

9. Utilizar carnada de tamaño y posesión ilegal.

10. Atar o sujetar a cualquier parte del bote la línea o leader con el objeto de retener o levantar el ejemplar.

11. Si un pez escapa antes de ser enganchado y se recaptura por otro método que no sea como indican las reglas de pesca.

12. Al romperse una caña (mientras se pelea un pez) y sus dimensiones queden reducidas a menos de la estipulación legal.

13. Mutilación al pez antes de considerarlo atrapado, causado por tiburones, otros peces, mamíferos o propelas y que remueva o penetre la carne. Heridas causadas por la línea o leader, así como cicatrices o deformidades regenerativas no se consideran motivo para descalificar.

REGLAS DE EQUIPO

Dos páginas de diagramas acompañan para clarificar estas reglas. Los pescadores son responsables de su propia carnada. Cualquier carnada, curricán o señuelo aprobado por estas reglas e ilustrado por los diagramas, podrá ser utilizado.

1. LINEA DE PESCA Y APOYO NUEVA (Actualizada 9/2017)

a) El término "Backing" APOYO, se refiere a cualquier línea en el carrete ANTES de la "línea de pesca", conectada o no a la línea. El uso de Backing está permitido y no tiene límite de Resistencia.

El término "Línea de Pesca" se refiere a los primeros 16.5 pies (5 metros) de

línea directamente antes de la doble línea, leader y anzuelos esta sección de la línea de pesca debe ser una línea homogénea y tener una resistencia "establecida por el fabricante" de 130 libras máximo, o menor. La captura deberá clasificarse bajo la Resistencia establecida de la "línea de pesca" y será de un largo mínimo de 16.5 pies (5 metros).

Dacrón, monofilamento, multifilamento y multilíneas con centro de plomo, podrán utilizarse en ambos casos. La línea Spectra es aceptable, las líneas de alambre están prohibidas.

2. Doble línea

El uso de una doble línea no es

obligatorio, pero si se usa debe cumplir con las siguientes especificaciones:

a) Una doble línea debe consistir en la misma utilizada en la "línea de pesca" para atrapar al pez.

b) La doble línea se mide a partir del nudo, destorcedor o unión de la "línea de pesca" hasta el leader, que a su vez une el curricán, señuelo y anzuelos.

c) La doble línea, en todas las combinaciones tiene un límite de 30 pies. El largo máximo combinado, de doble línea y leader no excederá de 40 pies.

3. Leader

El uso de leader no es requerido, pero si se utiliza, debe cumplir con estas especificaciones:

REGLAS DE EQUIPO

a) la longitud total del leader, incluyendo curricán y arreglo de anzuelos, se mide a partir del empate del leader y hasta la base del ultimo anzuelo.

b) El leader se conectará a la línea con un destorcedor, nudo, seguro u otro método.

c) se prohíben artículos de sujeción.

d) No hay regulación sobre el material y resistencia del Leader.

e) El leader en todas las clases de arreglos, deberá limitarse a 30 pies, no olvidar que la combinación de leader y doble línea no podrá sobrepasar los 40 pies.

4. Caña

a) Las cañas deben cumplir con la costumbre y ética deportiva.

b) La punta de la caña no podrá exceder de 40 pulgadas, el mango no excederá de 27 pulgadas.

c) Estas medidas son consideradas de un punto al centro de la caña. El mango curvo se mide en línea recta.

5. Carrete

a) Los carretes cumplirán con las normas y ética de la pesca deportiva.

b) Están prohibidos los carretes motorizados de cualquier clase. Incluidos los eléctricos e hidráulicos, así como cualquier artefacto que otorgue una ventaja al pescador.

c) Carretes de matraca, están prohibidos.

d) Carretes diseñados para ser manejados con ambas manos, están prohibidos.

6. Anzuelos para carnada natural, viva o muerta.

a) Anzuelos utilizados con carnada natural, viva o muerta deben ser circulares.

b) No deberán usarse más de dos anzuelos individuales dentro de o

firmemente sujetos a la carnada. Los ojos de los anzuelos no deberán estar separados, por una distancia mayor al largo de los anzuelos. (la distancia del anzuelo más largo, utilizado) y separados por no más de 18 pulgadas. La única excepción es que un anzuelo esté conectado al otro por el ojo.

c) El anzuelo no debe preceder a la carnada o combinación de carnada/señuelo por más de un largo de anzuelo.

d) Anzuelos sueltos o bailarines están prohibidos. No anzuelos con doble o triple gancho.

7. Anzuelos para curricán o señuelo

a) Cuando se use carnada artificial (curricán) con falda o greña, no se usarán más de dos anzuelos unidos al leader. Los anzuelos no deberán estar separados, los ojos de los anzuelos no podrán estar separados por más del largo del mayor de ellos. La excepción es; pasar un anzuelo por el ojo del otro. Ningún anzuelo deberá sobresalir completo de la falda del curricán.

b) Ningún anzuelo podrá ir antes de la carnada o de la combinación Carnada/señuelo, por más de un largo de anzuelo.

c) El torneo reconoce que los productos elaborados por la compañía Quick Rig bajo el nombre comercial de "Double Trouble Hooks" son aceptables.

8. Drones

NO se permite el vuelo de drones durante las horas de pesca, se podrán hacer excepciones para propósitos de promoción.

9. Otro Equipo

a) Las sillas de pelea, no podrán tener ningún aditamento mecánico, que pueda ayudar al pescador en la pelea.

b) Los tinteros deberán girar libremente,

está prohibido utilizar tinteros que restrinjan el manejo de la caña y concedan una ventaja al pescador.

c) Se podrán colocar arneses o "snaps" a las cañas, pero no a las sillas de pelea. Los que podrán ser ajustados por otra persona y/o el pescador.

d) Cinturones o tinteros de cinturón, están permitidos, al pelear de pie.

e) Los ganchos para subir al pescado, no deben exceder de 8 pies de largo total. Caso de utilizar gancho volador o separable, la cuerda no podrá exceder 30 pies. La cuerda se mide desde la unión al gancho hasta el nudo final. Si se utiliza un gancho fijo con cuerda, aplican las mismas restricciones; 30 pies medidos desde la misma ubicación del gancho. Arpón y/o lanzas quedan prohibidos.

f) Se prohíbe el uso de materiales y artefactos que impidan el libre nado de los peces objeto, así como cebarlos y/o llevarlos a aguas poco profundas.

g) Absolutamente se prohíbe el uso de redes, para capturar un ejemplar.

h) Outriggers, downriggers, barras espaciadoras y papalotes son permitidos, siempre y cuando, la línea de pesca se sujete a un snap o cualquier material que le permita zafarse. Leader y doble línea no podrán sujetarse al mecanismo de sujeción, ya sea en forma directa o con otra línea, Las barras espaciadoras, se permiten únicamente como señuelos (teaser).

i) Daisy chains, pajaritos, boyas y objetos similares, podrán ser utilizados, siempre y cuando no inhiban o reduzcan la capacidad de nadar y pelear de los peces objetivo, otorgando una ventaja desleal a los pescadores, ya sea para liberar o atraparlos. La aceptación de estos objetos será determinada por el comité organizador en base a cada solicitud.

j) Una línea de seguridad podrá atarse a la caña, sin que ayude al pescador, solo para asegurarse de no perderla.
